

BSL1850MA

Battery

18V - 5.0 Ah

4549115264441

NEW

Integrated 4-LED display shows remaining battery charge to prevent costly downtime on the job

Specifications

Voltage	18V
Capacity	5.0 Ah
Energy (voltage x capacity)	90 Wh
Battery level indicator	Yes
Charging time with UC18YSL3	32 min.
Charging time with UC18YFSL	75 min.
Number of cells	10 (2 layers)
Cell size (Ø x L)	18 x 65 mm
Dimensions (L x W x H)	116 x 76 x 69 mm
Weight ¹	650 g

Characteristics

Intelligent electronics ensures constant communication between tool, battery and charger to prevent overload, overheating, overcharge and overdischarge for longest battery and tool life

Integrated 4-LED display shows remaining battery charge to prevent costly downtime on the job

¹ Weight according to EPTA-2004 procedure.
